

Requires the services of a  
**Manager, Forensic Services**  
to join our dynamic Department

We are seeking highly motivated candidates to fill the position of Manager, Forensics Services. This opportunity offers potential for growth within the diverse RW Forensics and Consulting practice. There is opportunity to learn from the unique combination of expertise (i.e. forensic investigations, corporate governance, law, corporate finance, tax, employment law and compliance) within RW Forensics and for candidates to bring on board their unique complementary skills.

As a member of our forensic team, you will participate in fraud investigations, fraud risk governance, compliance reviews and other forensic types of engagements. One of your main responsibilities will be to provide support to the leadership team. RW Forensics & Consulting is a part of the RW Africa Group. Working for the RW Forensics team will enable you to gain necessary expertise in performing forensic services and quickly gain experience through working on projects in South Africa and the other African countries as well.

#### **KEY RESPONSIBILITIES:**

1. Forensics Investigations;
2. Ability to work on a variety of assignments;
3. Assist in the execution and project management of forensic assignments;
4. Ability to manage Forensic assignments and teams;
5. Working with large quantities of data;
6. Drafting factual findings reports; and
7. Project planning and administration.

#### **FRAUD RISK MANAGEMENT:**

1. Ability to conduct fraud risk management assignments, demonstrating specific industry knowledge such as financial services, government/public sector, energy and natural resources, etc.;
2. Performing fraud risk assessments to identify fraud risks in companies;
3. Facilitating fraud risk workshops;
4. Drafting fraud strategy frame works including policies and procedures;
5. Developing fraud prevention and detection strategies;
6. Leading discussions with the senior client management to discuss the risk of fraud; and
7. Evaluating the adequacy of client controls to prevent, detect and deter fraud.

## **MANAGERIAL RESPONSIBILITIES:**

1. Providing leadership and guidance to junior staff members;
2. Conducting client consultations;
3. Perform billing and collections of fees;
4. Communication with clients;
5. Ability to effectively manage multiple engagements simultaneously and independently;
6. Participating in practice administration and business development initiatives to advance the service line;
7. Ability to collect, analyze and interpret relevant documentation and information;
8. Ability to draft reports; and
9. Managing client relationships.

## **OUR REQUIREMENTS:**

1. University undergraduate degree - Accounting/Internal Audit/Law qualification is an advantage;
2. Must be a Certified Fraud Examiner registered with the Association of Certified Fraud Examiners (ACFE)
3. 5-6 years of work experience in the forensic field;
4. Exposure in banking and non-banking financial services, health care and public sector will be an added advantage;
5. Relevant previous experience with forensic investigations, fraud prevention/fraud risk governance is essential;
6. Computer literacy (MS Office, advanced at Excel);
7. Strong communication skills (oral and written), self-confidence;
8. Good presentation skills;
9. Logical, structured thinking;
10. Excellent analytical and data interrogation skills, keen eye for detail;
11. Initiative, enthusiasm, readiness to work hard;
12. Team-player approach;
13. High level of integrity;
14. Commitment to professionalism; and
15. Willingness and drive for business development (e.g. public speaking, producing articles on various subject of discussion, meeting clients to market our services, etc.).

## **WE OFFER:**

1. Opportunities, resources and standards of a leading law practice;
2. Opportunity to establish yourself and grow within RW Forensics & Consulting;
3. Engaging job with the chance to work on live client projects right from the start;
4. Challenging environment full of ambitious, like-minded people; and
5. Competitive compensation and benefits.
